PRESENTING NRICH UV+RO ON DEMAND

UV to RO + UV

The new **NRICH UV + RO ON DEMAND** is another leap in technology from Aquaguard. This unique water purifier can be converted from just UV to a RO + UV water purifier as per the changing water conditions, thus eliminating the hassle and need of buying a new purifier.

ONE WATER PURIFIER, MANY BENEFITS.

When you buy an Aquaguard UV water purifier and upgrade to RO + UV later, you get plenty of benefits when using UV technology initially before the upgrade as below,

100% MINERAL RETENTION

50% LOWER MAINTENANCE COST

0% WATER WASTAGE

HOW DOES THE CONVERTIBLE TECHNOLOGY WORK?

STEP 1

Purchase the all new Convertible NRICH UV water purifier.

STEP 2

Raise RO conversion request as & when required.

STEP 3

Our service technician visits the house, checks the water quality and converts the UV purifier to a RO + UV water purifier.

STEP 4

Get upgraded to RO + UV technology without any hassle of buying a new water purifier.
